CHEF'S NOTE:

We set out to build a menu that compliments our beer, while providing a variety of options for our customers. Our plan is to unapologetically infuse our beers into many of the dishes, like our specially made sausages and our Fuzzy Vinaigrette. We'll be serving sharables, sandwiches, flatbread, salads and main courses. Our menu will rotate often just like our beers, so stop back in and try one of our latest creations.
